ALMOST any successor to Senator PLATT ought to seem like a success.

A PERFECT town is that in which you see the farmers patronizing the home merchants, the laborers spending the money they earn with their tradesmen, and all animated by a spirit that they will not purchase articles abroad if they can be bought at home. The spirit of reciprocity, between men and mechanics, tradesman and manufacturers, results every time in making the town a perfect one to do business in.

It does not make so much difference what Governor MARSHALL of Indiana pleases to do with ex-Governor W. S. TAYLOR. Governor WILLSON of Kentucky is the sole arbiter in the matter and can settle the unhappy business in short order by issuing TAYLOR a pardon. This is the only thing to do, too, and the longer Mr. WILLSON delays, the worse the situation will get, as the Democrats are now only using TAYLOR, FINLEY, et al., for political purposes. Why delay, Governor? We do not want another campaign of interminable trials in Kentucky a la CALK POWERS.

"Immorality" is False Advertising Declares Dr. Wiley.

The burden of the speech of Dr. Harvey M. Wiley, Chief of the Chemical Bureau of the Department of Agriculture, before the Sphinx Club of New York, an association of advertising men, was that all advertising should be scrupulously honest, and that any other sort was "immorality." In part he said: "I read advertisements in the elevated and subway cars and on the platforms. Everywhere there are false, misleading statements. There are virtues enough about American products to still keep within the truth." There is only one conclusion and that is a liver-tormenter wish to deceive the public and obtain their money under false pretense. None will return your money if not satisfied as will the Rheumal-

In approximately one hundred years, which is the period that marks the existence of the United States Patent Office, about 900,000 patents have been issued. This vast aggregation ranges from "a method for rendering pearl ashes" down to patent numbered 896,072, granted August 10th, 1908, and which is an improved means for attaching automobile tires. This long list comprises every conceivable construction of divers articles from frying pans to fiddles and from locomotives to flying machines. The day of the accidental, the occasional and the freak invention, however, is rapidly passing, as the opportunities for securing patents on gim-cracks and Yankee ideas are gradually lessening, as such inventions no longer possess the properties of being new and useful, which are the essential elements necessary to secure a patent.

Is the one word that best describes the style of Creighbaum Clothes. Creighbaum-tailored means hand-tailored, and hand-tailored means that style is literally worked into the garments in a way that makes them distinctly correct. One of the functions of tailoring is to avoid the common-places, yet to secure this distinction you need not pay the soaring prices of ready-made. Pay me \$18.48 for a Suit or Overcoat to measure and you get all of the style—the very best style—but a saving of a half to one-third over the prices of other good shops. FALLING OFF IN TOBACCO

But the Acreage Yield Is Larger Than Ever

WASHINGTON, D. C., November 19th.—The Department of Agriculture's preliminary estimate of the average yield per acre of tobacco is \$25.2 pounds as compared with the ten-year average of 797.6 pounds. Total production of 629,634,000 is thus indicated, as compared with 698,126,000 pounds in 1907. The average as to quality is 87.9% against 90.0 one year ago; 84.5 in 1906 and a ten-year average of 85.8.

EQUITY WINS FIGHT

The American Tobacco Company Comes to Terms

Eighty-Five Million Pounds of Tobacco Sold at 18 Cents. Enormous \$14,000,000 Deal

Which Brings Joy and Peace to Old Kentucky and Ends Night Riding—Mason County's Share Will Be \$1,000,000 in Cash

LOUISVILLE, Ky., November 19th.—The burley tobacco growers of Kentucky won a great victory in their long fight for higher prices for their product when the big deal between the American Tobacco Company and the Burley Tobacco Society for the 1906 and 1907 crops, which has been hanging fire for several weeks, was closed here this afternoon.

The price agreed on in the transaction, which is the largest

of its kind ever put through, is an average of 20½ cents for the 1906 crop and 17 cents per pound for the 1907 product.

The deal involves about \$5,000,000 pounds of tobacco held in the pool by the Burley Tobacco Society and an outlay of between \$12,000,000 and \$14,000,000 on the part of the American Tobacco Company, practically all of this money being placed in circulation at once in Central Kentucky.

The tobacco which was sold includes the larger part of the holdings of the Burley Growers' Association, which was formed several years ago and which pooled its crops in 1906 and 1907. There was no crop raised by the members of the Association in 1908.

MARKS END OF NIGHT RIDING.

According to many who are in a position to know the sale of the pooled crop will mark the end of night riding in Central and Western Kentucky, for it is believed that, with these crops out of the way, all the growers will raise tobacco next year.

The sale has nothing to do with the crops in the dark district or in portions of Kentucky and Northern Tennessee.

THE OFFICIAL STATEMENT.

The official statement given out at 4:05 o'clock this afternoon was as follows:

"The American Tobacco Company has bought 75 per cent. of the 1906 pooled tobacco at scheduled prices and 75 per cent. of the 1907 pooled tobacco at graded prices to average 17 cents round.

(Signed.)

"R. K. SMITH.

"CLARENCE LEBUS."

The scheduled price for the 1906 tobacco is 20½ cents.

MASON COUNTY'S SHARE

Hon. James N. Kehoe and all the other Mason county Equity men are of course gratified beyond expression at the great victory won by the Equity and Burley Societies.

The amount coming to Mason county growers will be \$1,000,000, and as this vast sum comes as a spot cash transaction, our merchants and the general public can imagine what it means towards making for a big boom in business.

Deafness Cannot be Cured by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surface.

We will give One Hundred Dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free. F. J. CHENEY & CO., Toledo, O. Sold by Druggists, 7c.

Get on the Right Side

Of the "clothes argument." Don't you know a man with an income half as large as yours who has already bought a lot of new winter clothes? The point is that his business acquaintances are apt to think him a better business man than you are—just on the clothes argument.

The family reception at the home of Mr. and Mrs. John J. Altmeyer from 7 to 10 last evening, complimentary to Mr. and Mrs. Charles Traxel, was a most informal and charming affair. Numerous relatives of Mr. and Mrs. Traxel gathered, taking this occasion to tender their congratulations and best wishes to the bridal couple. The house was prettily decorated, the dining-room, where delicious refreshments were served, being especially attractive. The evening, in connection with the opportunity to meet the honor guests, took on the form also of a musical, the host being a very proficient performer on the auto-piano, and a number of beautiful selections were rendered.

Austin (Texas) Statesman.

Thursday at 1 o'clock Mrs. J. A. Jackson gave an exquisite rose luncheon in honor of Mrs. Lucien G. Maltby of Kentucky. The table was exquisite with its cluny lace over delicate pink satin, its pink shaded candles in silver candelabra and in the center a great cluster of La France roses in a cut glass jar. Before each place was a candelabrum, holding five lighted pink tapers of the tiniest size. There were presented the guests as souvenirs of the delightful occasion. After luncheon the guests repaired to the cozy library and spent the afternoon most enjoyably in conversation.

Tuesday afternoon from 5 to 9, Miss Anna Page Goggin was cordially at home to her sister's friends and old acquaintances to meet Mrs. Lucien G. Maltby of Kentucky. Mrs. Maltby, as Miss Fannie Goggin, spent her girlhood in Austin, closing her school life at the University here, and so numbers her friends by the hundreds. Tuesday was a glorious day and the affair one of the most delightful of the season. Miss Goggin is always a charming hostess and was assisted in the cordial welcoming of her guests by Mrs. Goggin and Mrs. Maltby. Little Miss Anne Maltby, the petite daughter of the honor guest, took the cards at the door, assisted by her younger sister, Frances. The home was charmingly decorated with autumn leaves, rare ferns and potted plants, and made a most pleasing appearance. The dining-room held besides quantities of scarlet geraniums, which gave the color tone to the room. The table was covered with a handsome lace square over scarlet satin and held as a centerpiece a blooming geranium, surrounded by scarlet-capped candles in silver sticks. Two delicious courses of refreshments, a salad with coffee and icecream and cake, were served to perfection.

All matter for publication must be handed in before 9 o'clock a. m.

BAGGED 200 RABBITS

All Records Broken By Man
From Maysville, Master
of the Gun

Two hundred rabbits in a hunt of two days is the record made by Councilman John Dersch of Maysville, who returned last evening from Fleming county, where he bagged 200 rabbits and several quail Tuesday and Wednesday.

The rabbits were as thick as English sparrows, according to reports, as Mr. Dersch had as many as half a dozen killed and lying on the ground at one time.

He brought the bunnies home in sacks and distributed them among his friends.

And this is no hunting yarn, either.

THE PERFECT WAY.

Scores of Maysville Citizens Have
Learned It.

If you suffer from backache, There is only one way to cure it. The perfect way is to cure the kidneys. A bad back means sick kidneys. Neglect it, urinary troubles follow. Doan's Kidney Pills are made for kidneys only. James Wells, living on Front street, Vanceburg, Ky., says: "About one month before I began using Doan's Kidney Pills my back began to ache and pain and caused me a great deal of annoyance. I knew that if the trouble was not eradicated it might prove fatal. Often when I came home at night and went to bed the trouble was so severe that I had to continually change my position, and during the day I had to pass the secretions every little while. A friend advised me to try Doan's Kidney Pills. I procured them and the use of one box entirely cured me. I have had no symptom of kidney trouble since and give the credit to Doan's Kidney Pills." Plenty more proof like this from Maysville people. Call at J. Jas. Woyl & Son's Drugstore and ask what their customers report. For sale by all dealers. Price 60 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

DON'T WASTE MONEY ON "FAT" DOCTORS!

Anybody Can Reduce Fat at Home

If you are fat and wish to reduce quickly don't go to a self-styled obesity "doctor," be your own specialist. Appropriate to your own use the simple instructions given here and you will be as capable a fat-reducing expert as there is in the land. The qualifications are few and the expense trifling. Secure from your druggist one unbroken ounce package of Warming, one-half ounce Fluid Extract Canara Aromatic, and three and one-half ounces Peppermint Water, all of which are both cheap and plentiful in any drugstore. Take them home and mix them together by shaking well in a large bottle. You are now ready to become a successful fat reducing specialist without further training or preparation. Simply take a teaspoonful of this pleasant mixture after each meal and at bedtime and you will make more progress taking off your excess flesh in thirty days than all the "experts" in the land could accomplish in half a year. This method of getting rid of flesh is, moreover, not only sure and safe but appeals strongly to the average fat person, man or woman, for it gets results without interfering with one's diet or lazy habits—it does the work of exercise.

"LIVES OF GREAT MEN ALL
REMINDED US"

The story of how Marshall Field amassed his great fortune may be told in a few words. He had something to sell and advertised it.

NO MAN DELIBERATELY BUYS POOR CLOTHES.

He thinks their good, worth the money, or he doesn't want them. Just the same, lots of men are paying their good money for cheap cotton mixed goods and they think they are being real economical because they get such clothes for a little less than all wool would cost. This cotton-mixed stuff is very deceiving, even expert clothing men find it difficult at times to tell whether or not a fabric has cotton in it. As for the inexperienced wearer, we've seen fabrics that looked good enough to sell for \$20 for the suit that was at least 60 per cent. cotton, and really worth about \$6 the suit. You get no such "flim-flam" when you trade with us. Thirty years selling good clothes enables us to separate the "sheep from the goats." When we say all wool we live up to it.
